

# Family Learning

Family Learning gives you the chance to learn new skills whilst helping your children to learn in a fun and friendly way. Do you want to develop your own skills? Do you need help to support your children's learning? Are you looking to meet new people and support your child's development?

The Family Learning team offers programmes to develop parents' ICT, language and maths skills, as well as programmes to help parents understand how to support their child's education.

“I’ve loved this course, I met some lovely friendly people who I can now talk to in the playground! I’ve also got a great insight into reading with my children. It’s helped me a lot! Thank you!”
