About ACL

Welcome to a new year at Islington Adult Community Learning – Islington Council’s adult learning service.

At the time of writing, we are in the second national lockdown and Islington ACL is continuing to support you by offering learning and Information, Advice and Guidance that will support you through these times and prepare you for the future.

In addition to our course offer, we hope you will be inspired by Liz Collins’ amazing story about how she returned to learning and achieved what she thought was not possible. We’re so proud of her and all our learners who have their learning stories to tell.

You never know where a course with Islington ACL will lead

Liz Collins didn't have a great experience of school when she was younger. However, one evening she was watching a television programme about people whose lives were changed by a return to learning. Inspired by the story of one of the women, Liz searched on her phone for courses in Islington and found ACL's Level 1 Introduction to Adult Social Care course. Now, that return to learning has changed Liz's life too!

"Before I started the course I was really afraid. I thought it would be much more book-based learning and I wouldn't be able to spell and everyone would be much younger than me. But it was a mixed group and the learning was through discussions, watching videos and guests coming in who were working in care. It was really interesting and the tutor accepted not everyone is a great speller. I learnt so much!"

Since completing the course, Liz has been working as a Support Worker for adults with complex needs in a residential care home in Islington. And, she says, 'I absolutely love it!'

Not only that, but Liz won the national Return to Learning Award at the 2020 Festival of Learning for her own incredible learning journey. ACL Lead Tutor, Colin Gardiner, who nominated Liz for the award said, "This course has set Liz on the way to a rewarding new career and I hope her story will inspire others to take the plunge and take a course with ACL."

On winning the award, Liz said: "I never would have thought that at 55 I could win anything, let alone an award for learning! This has given me a lot of confidence and I feel really excited for the next stage in my life."

ESOL

Who are the classes for?

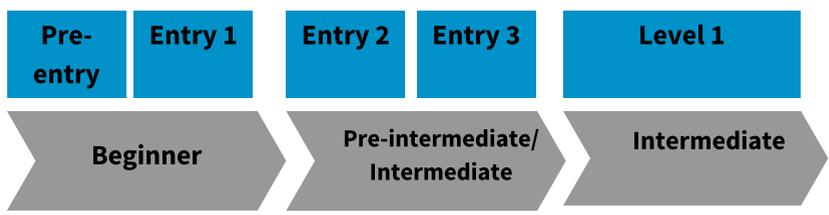

Our ESOL classes are designed for those whose first language is not English. We have classes from complete beginner to more advanced and most of our courses offer nationally recognised qualifications in speaking, listening, reading and writing to help you with work or living in the UK. All our courses look at topics related to living and working in Britain.

Where and when are the classes?

Our classes usually run in a variety of venues all over Islington, often in Libraries or Children’s Centres. Currently our programmes are running online. We run classes in the daytime and we start classes in September, January and April but even if you have missed the start we can often find you a course and you will be able to catch up.

Understanding the different levels?

Before you start a course you will be asked to take an initial assessment so we are able to assess your current level. We offer 5 different levels from pre-entry to level 1.

English and Maths

Who are the classes for?

Do you feel that your English and Maths skills are stopping you getting where you need to be? Maybe you want a better job, wish you could help your children with their homework or want to go to university?

Our classes will provide you with the essential knowledge, skills and understanding that will help you to be more confident and effective in life and at work. You may be ready to take an exam at the end of the course and if successful you will gain an English or Maths qualification, usually Functional Skills, which are widely recognised by employers and universities.

Our English and Maths courses can also help you with other courses that you can study such as Childcare, Health and Social Care and Digital Skills courses. Your spoken English needs to be at native or near-native level, if it isn't then an ESOL (English for Speakers of Other Languages) course may be more suitable.

Family Learning

We run a range of programmes supporting parents, carers and children to learn in fun and safe environments. Some of our courses are accredited but most are just for the joy of learning and to help families grow and enjoy their lives together. We run courses in children's centres, schools, parks and community venues all over Islington.

Level 1 Preparing to Work with Children in Schools (online)

Understand the British school system and gain confidence in volunteering in a nursery or primary schools. Develop your skills in listening to children and creating activities to support children's learning.

12 January - 23 March 2021
Tuesdays 10am-1pm

Level 1 Supporting Children in Nursery and Reception (online)

Start the journey to gain qualifications for working with children under 5. Discover how children learn through play and take part in practical play activities.

14 January - 25 March 2021
Thursdays 1-3pm

Some of our other courses include:

- Family Kitchen (online)
- Big Little Moments for parents of children 1-5yrs old (online)
- Family language programmes (online)

Families for Life

Families for Life provide free healthy lifestyle programmes and sessions to families in Islington. Attendance is free for families living in Islington or families whose children attend an Islington school.

Families with children aged 2 - 11, who would like support to develop a healthy lifestyle, who have children who are fussy eaters, or have a concern about weight will find these sessions helpful.

Family Kitchen is a six week cooking programme with healthy lifestyle messages. It has been designed to help families with children aged 2 to 11 years to make healthy lifestyle choices to 'feel good and live well'. Parent and children attend the six sessions together. During the Covid-19 lockdown programmes are being run via Zoom.

Families for Life sessions are one-off telephone sessions covering a range of topics such as breakfast ideas, hidden sugars, fussy eating, portion sizes and physical activity. Families can attend a single session to cover a specific topic.
